

FOR SCHOOLS • UNIVERSITIES • EMPLOYERS • CHARITIES

Quantify the social value your people **actually** create.

My Impact gives your organisation a clear, pounds and pence picture of all the volunteering, mentoring and giving your people do. It is ready to drop straight into your annual report, your next funding bid, or the story you tell the world.

HOW IT WORKS FOR YOUR ORGANISATION

- 1 Invite your people**
Send a sign up link with your logo on it to your staff, students or volunteers. Joining takes less than a minute.
- 2 They log, you see it all**
Members add their hours, donations and activities in a simple app. We do the maths and roll it up into one shared dashboard for your team.
- 3 Approve, match, celebrate**
Tick off member hours, match what your team gives, run friendly challenges, and shine a light on the people doing the most.
- 4 Share the story**
Export beautiful PDF reports, a public impact page and a spreadsheet of the numbers. Hand them to funders, your board, or anyone who asks.

LIVE ORGANISATION DASHBOARD

REPORT

Schools & Universities

Show what your students give back to the community, in a way inspectors, parents and partners actually understand.

Employers

Put a real number on the good your team does, and run friendly campaigns your people genuinely want to take part in.

Charities & Councils

Show funders and the public exactly what every pound and every hour you invest turns into. Plain English, real numbers.
