

FOR SCHOOLS • UNIVERSITIES • EMPLOYERS • CHARITIES

Quantify the social value your people **actually** create.

My Impact gives your organisation a verified, pounds-and-pence picture of the volunteering, mentoring and giving your members do — mapped to the UN SDGs and ready for your annual report, ESG disclosures, OFSTED evidence or funder pitch.

HOW IT WORKS FOR YOUR ORGANISATION

- 1 Invite your members**
Roll out branded sign-up links to staff, students or volunteers in minutes. Optional SSO and an invite-by-email flow keep onboarding effortless.
- 2 They log, you aggregate**
Members track hours, donations and activities through a simple app. Every entry is automatically priced using the Social Value Engine and rolled into your dashboard.
- 3 Verify, match and challenge**
Approve member hours, run match-funded campaigns, launch team challenges and recognise the people driving the most impact.
- 4 Report it, credibly**
Export branded PDF reports, public impact pages and CSV data — ready for ESG, social value contracts, OFSTED, funders or your board.
