

VOLUNTEERING · DONATIONS · COMMUNITY

You already make a difference. Now **prove it.**

My Impact turns the time you give and the help you offer into a clear monetary value, in pounds, using the Social Value Engine. Track it, share it, celebrate it — and show employers, funders or yourself the difference you make.

HOW IT WORKS

- 1 Log what you do**
Choose from dozens of recognised volunteering and community activities, and add your hours, donations and reflections in a few taps.
- 2 See your social value**
We calculate the financial value of your contribution using research-backed proxies from the Social Value Engine and government data.
- 3 Build your impact story**
Earn milestones, keep a private journal, and generate a polished PDF report you can share with employers, schools or funders.
- 4 Connect with your organisation**
Schools, employers and community groups can verify hours, run challenges and see aggregate impact across their members.

RECOGNISED ACTIVITIES

FreeFOR INDIVIDUALS, FOR-
EVER

Volunteers

Anyone who gives time, money or kindness — and wants to see what it adds up to.

Schools & Universities

Track student volunteering, evidence outcomes and showcase community contribution.

Employers

Quantify your team's social value, run match programmes and report it credibly.
