

FOR SCHOOLS • UNIVERSITIES • EMPLOYERS • CHARITIES

See the impact your people **already** make.

For a long time, the everyday good that people do has gone largely unseen. Caring for a neighbour, volunteering, mentoring, recycling, giving blood. All of it has tremendous value. My Impact helps your people understand and celebrate that value, and lets your organisation see the good that grows from it all.

Plain English. Real numbers.

Schools & Universities

Show what your students give back to the community, in a way inspectors, parents and partners actually understand.

Employers

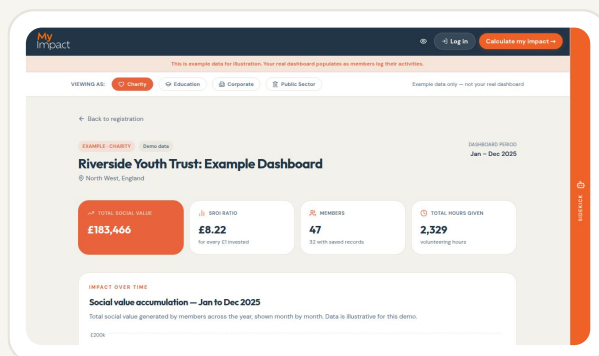

Put a real number on the good your team does, and run friendly campaigns your people genuinely want to take part in.

Charities & Councils

Show funders and the public exactly what every pound and every hour you invest turns into.
